## THIS IS Black Box in Chrome

**Image displayed as BLACK box - PDF - XSLFO**  
Reported by [info@lopfi-prb.com](mailto:info@lopfi-prb.com), Feb 14

UserAgent: Mozilla/5.0 (Windows NT 10.0; Win64; x64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/56.0.2924.87 Safari/537.36

Steps to reproduce the problem:

1. Created PDF using xslfo
2. All images displayed on PDF as black box
3. Issue only in chrome browser, all other (IE, FF, Safari) works fine

What is the expected behavior?  
Images should display as they are exist.

What went wrong?  
Media Team

We have created a PDF using xslfo(images).

In the PDF all content displayed fine except the images.

All images displayed as black box like attached screen shot.

We have used below line of code to show image on the PDF file.

```
<fo:Image src="external:graphic: no:use-attribute-set="img" src="url(../../../../images/logo.jpg)"/>
```

With same code image displayed correctly in all other browser like (IE, FF, Safari etc....)

For your information, before last update in chrome the PDF was working fine, but now a time we get the issue.

Also when we save from chrome the PDF file and open in any browser or PDF reader image displayed correctly.

My current version of chrome is

## THIS IS a Blank Image in Chrome
